Mr. Foster said that the bill before the Mayor was the only bill ever introduced in the Legislature in which real estate dealers were not interested. Mr. Cutting, in his speech, declared that in some of the densely requisited districts of the cast side the streets rould not accommodate the crowl if all the tenants were to leave their komes at once. In such districts, he gaid, morals could not thrive.

Dr. Devins zaid that he knew of a Willet street tenement where 400 people lived, and he would be willing to say that not one of them touched water to their backs from September to May while the public baths were closed.

Mr. Gilder zaid the Tenement-Henry Commission had discovered a cyrdition of overcrowding as to are as incentialled in the civilized world. Even Acah had no city with so many inhabitants to the area as in some parts of New York.
